

Sir.

Boston Sept^r 21th 1783.

We have been long expecting to hear from you, relative to y^e Brig^e Katy of which you was Captain, & in which you saild from Plymouth for Lond⁼on in y^e Year 1775 & of which we were $\frac{3}{4}$ owners & your father y^e other $\frac{1}{4}$. We have never heard from that time to this what became of the Brig^e cargo or freight, Suppose she has been sold & the Acct^s all settled long long ere this. We take it very unkind you have not informed us of your proceedings As we cant suppose that a War between Great-Britain & America ought to excuse individuals from accounting with those to whom they are indebted, We must therefore desire & expect, that on Rec^t of this, you will write us what has become of s^t Brig^e & cargoe, & transmit us the whole Acct^s relative to s^t Voyage, as soon as we are advisd what Balance remains in your Hands which we shall depend on knowing by the first Vessel that arrives here after the rec^t of this. We shall then draw for the same

Turn over

same or Direct how we would have it dispos'd of.
We shall depend on y^r: compliance with our Request
& remain wishing you health & happiness.
